

# Agenda

## Opening Keynote Panel - 09:00-09:40 am CET

09:00-09:40a CET	Opening & Keynotes
------------------	--------------------

## Industry Session – 10:00 am – 11:45 am CET

## Industry Sessions – 12:15 pm – 2:30 pm CET

Automotive		Aerospace		Energy & Heavy Machinery	
Reinventing Mobility for a Sustainable, Connected World		Transforming the Industry with Smart Manufacturing and Design		Design reliable machines for the most challenging environments	
10:00-10:05a CET	Track Opening	12:15-12:20p CET	Track Opening	12:15-12:20p CET	Track Opening
	Industry Presentations		Industry Presentations		Industry Presentations
10:05-10:40a CET	Lightweight Body Manufacturing	12:20-12:40p CET	Smart Design for Safety and Reliability	12:20-01:20p CET	Accelerating Digitalization with Human Centric validation
10:40-11:15a CET	New Mobility: Connected, Autonomous, Shared, Electric	12:40-01:40p CET	Advanced technologies in Aircraft Manufacturing	01:20-02:05p CET	Ensure flawless functionality right from the start through comprehensive system-level analyses
11:15-11:45a CET	Panel Discussion + Q&A	01:40-02:10p CET	Panel Discussion + Q&A	02:05-02:30p CET	Panel Discussion + Q&A
02:35-02:50p CET	Human-Centric: Virtual Reality Demo				

## Thought Leadership Panel – 03:00-4:00 pm CET

3:00-4:00p CET	Thought Leadership Panel Discussion
----------------	-------------------------------------
