

INNOVATING THE FUTURE OF AEROSPACE

WHAT ?

Join the On-site Presentations to Engineer, Experience and Manufacture the Most Innovative Aircrafts

WHEN ?

Monday June 17th through June 20th

WHERE?

International Paris Airshow, Le Bourget - Hall 4 Pôle Astech

MONDAY, JUNE 17th

- 11am - 11:45am Manufacturing High Quality & Cost-Efficient Composites Aircrafts Component
- 2pm - 2:45pm Reach the Highest Passenger Comfort and Safety with Interior Engineering
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing

TUESDAY, JUNE 18th

- 10:30am - 11am Enhancing Productivity with Immersive Human-Centric Manufacturing
- 11am - 11:30am Reach the Highest Passenger Comfort with Virtual Seats
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing

WEDNESDAY, JUNE 19th

- 10:30am - 11am Enhancing Productivity with Immersive Human-Centric Manufacturing
- 11am - 11:30am Reaching Optimal Material Quality and Cost Effectiveness with Additive Manufacturing
- 2pm - 2:45pm Reach the Highest Passenger Comfort with Interior Acoustics
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing
- 5pm **Cocktail Party for Aerospace Innovators**

THURSDAY, JUNE 20th

- 10:30am - 11am Enhancing Productivity with Immersive Human-Centric Manufacturing
- 11am - 11:30am Manufacturing Cost-Efficient and Highly Performant Engine Components
- 2pm - 2:30pm Acoustics Engineering for Space and Launch Vehicles
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing
